

Rules

1. Dodgeball is a gentlemen's game, self-refereed and played with the honor rules!
2. There are referees stationed at the centerline that help start the game, confirm hits and catches and count ball possession time. Dodgeball is played with 6 balls, split into 2 even groups at the edge of the centerline. At opening rush you may only grab the balls to your right. *This is a co-ed tournament, all teams MUST start with two women on the court. If this rule cannot be followed, the team must start two men down.*
3. The referee's word is FINAL. No further discussion is needed. Referee's word is FINAL.
4. You are out if: You step over a side or centerline, a thrown live ball hits your body or you throw a live ball it is caught by an opponent. If the ball hits the floor before hitting you – YOU ARE NOT OUT.
5. A thrown live ball can only hit out ONE player. Thrown balls that hit other objects before they hit the opponent are considered dead balls. (This includes the floor.)
6. You may block a thrown ball with a held ball. However if you drop the blocking ball during the act of blocking or if you fail to make a clean block and the balls hits or grazes your body. You are OUT.
7. If you are out, line up on the side in order of getting out, next to the referee (the resurrection line). If your teammate catches a ball the player at the start of your team's resurrection line comes back into play.
8. NO HEADSHOTS. And if you DO throw a headshot, please apologize to your opponent.
9. Once victories and losses are entered into the bracket, they are FINAL.
10. Have fun, shake hands, make friends and be spirited.
