

Hello! We are Tony & Becky. We hope that this gives you a glimpse into our lives and helps you make the best decision for you and your situation. Thank you for taking the time to view our profile!

We met in 2000, during college. We worked together and quickly became friends. Eventually, we started dating and have been together ever since. We got married in 2008 and planned on starting a family right away. We had worked very hard on our careers and purchased a home in a great neighborhood, so that we had all the room our children would need. We both agreed we wanted two children. After some time with no success, we eventually turned to our doctors for help. We completed six rounds of IVF and suffered several miscarriages. However, we both still really wanted to become parents. So, we decided to adopt! It was the best decision we've ever made!

In 2015, we welcomed "Little Tony" into our lives. We were at the hospital when he was born. His birthmother has decided to have a closed adoption at this time. However, our door is always open, if she ever changes her mind. In looking forward to our second adoption, we again are willing to honor the wishes of the birth parents. We are open to any level of openness the birth parents are comfortable with. Whether we have an open or closed adoption, we will always be open to talking to our children about their birth parents. We will answer any questions our children may have about their adoption.

A little bit about Becky: Becky was raised in a small rural town. She grew up with her mother and two brothers. Although she does not have any biological sisters, she grew up with a group of girls that she considers sisters. They have been friends since grade school and continue to be friends to this day. They often spend time together and love to make memories whenever they can! Becky is a very meticulous person and loves attention to detail. She loves to create fun cakes for Little Tony's birthdays and plan fun Halloween costumes for the entire family!

A little bit about Tony: Tony is very close with his entire family (and it's huge)! Although his parents divorced and both remarried, they remained friendly and raised their kids together. Tony has three sisters and three nieces. He is also extremely close to his grandmother. He has countless aunts, uncles and cousins. It makes holidays really entertaining! Tony loves sports. He likes to play golf with his friends. He also loves going to baseball games-Go Cardinals!

Little Tony has been asking for a sibling for quite some time now. He sees other kids with little brothers and sisters at school and can't wait to be a big brother. He is the sweetest most thoughtful kid in the world! He gives unlimited hugs and kisses and never misses an opportunity to tell people how much he loves them. He will make a great big brother!

We want you to know that we are extremely approachable and down to earth people. We love to laugh and have fun. We have worked hard for everything we have and can't wait to share it with another child. We value education and will strive to give our children

the best education possible. We, along with our extended family and friend have so much love to give. We are so looking forward to adding to our family!

Much Love,

*Becky & Tony*
