

Privacy Policy

We respect the privacy of our online visitors. We collect information on or through this site that can personally identify you only when it is voluntarily offered by you. For example, we collect personally identifiable information to respond to visitor questions and comments about us, our services and to mail e-newsletters and any additional updates.

We do not share any of the personal information you provide with a third party other than our service providers who assist us in providing the information and/or services we offer. To the extent that we do share your personal information with a service provider, we would only do so if that party has agreed to comply with our privacy standards as described in this privacy policy.

Like many other organizations, we may use "cookie" technology, where our servers deposit special codes on a visitor's computer. This information helps us determine in the aggregate the total number of visitors to the site on an ongoing basis and the types of Internet browsers (e.g., Netscape Navigator or Internet Explorer) and operating systems (e.g., Windows or Macintosh) used by our visitors. This information is used to enhance your on-line visits. Under no circumstances do we use this information to personally identify visitors or cross-reference the information with any type of personal information that is voluntarily offered on or through the site.

We may modify this policy at any time, in our sole discretion and all modifications will be effective immediately upon our posting of the modifications on this site. Unless we specifically provide otherwise, this policy only applies to this site and our online activities, and does not apply to any of our offline activities.
