

Dear Expectant Parent,

We understand that this is a hard decision and you want the very best for your child. We hope that we are who you are looking for in raising your child. Thank you for your time in getting to know us.

We are ready to be parents and you can help us with this dream. We were married in 2012 and we were looking to having children. However, due to infertility, this has not happened yet. We talked and prayed of what we should do next. We both felt that adoption would be a great opportunity for us to start our family. We promise to dedicate our lives to raising your child and giving them the best life possible. We will seek opportunities to honor your decision with your child. We will also seek opportunities for your child to experience their cultural heritage.

If you choose us, we promise to discuss with you the level of openness that you desire. We will strive to keep communication open so everyone can receive the benefits of this adoption.

Sincerely

Justin and Chaliece
