

## *Dear Expectant Parent,*

We are honored that you would like to learn more about us and consider us in your adoption plan. Thank you for your example of selflessness.

We are Lucian and Theresa - a Catholic Christian married couple that loves our family, going on adventures, and being outside. We have one son named Simon, who we were blessed with through adoption. He's the joy of our life! He is 3 years old and loves his cousins, music, books, airplanes, and trains. We are excited to grow our family again through adoption. We've been married for 14 years and both come from big loving families with many nieces and nephews. Early in our marriage, we received a diagnosis of infertility. It wasn't an easy struggle at first but it's helped make us who we are, strengthened our faith, and has brought us to where we are today - and for that we are grateful!

A Bible quote that keeps coming to mind when we think of adoption is: "There is no greater love than to lay down one's life for one's friends." We are so thankful for the sacrificial love you are showing to your child and to us. Our goal as parents will be to always give your child that same love and to remind them of your courage and strength.

We have made our home a place of love, security, faithfulness, and laughter. We promise to surround your child with love and support every day. We enjoy learning about cultures and will celebrate and honor their unique background. They will always know you gave them the gift of life and we will tell them as much about you as you would like. We are happy to discuss the level of openness you would desire. Know that you have been in our prayers throughout this whole journey. Our prayer is that God will give you His wisdom and peace as you decide on a family for your sweet little baby.

With love,

*Lucian & Theresa*
