

We are so excited for this new journey in our lives. We know and understand how this might be a tough time for you. You are at the point in your life where you must make a courageous decision for your child. Making an adoption plan may be bitter sweet for you; a sad time creating this plan yet understanding that you are giving your child an opportunity to better their life. We are praying for you and we pray that God gives you peace with the decision you have made. We want you to know that your child will be loved and taken care of for their entire life. We will inform them of who you are and how much you love them. Know that your child will be raised to be respectful, loving, and have good moral values. We are trusting God to be there for you while you go through this process and we trust that God will be with us as we raise your child. We will respect your wishes throughout this adoption process. We have created this family profile, hoping to share with you a little bit about us, so you will have a sense of security in knowing who will be involved in the upbringing of your child. Our lives will be forever changed with the gift you are providing us by choosing us to raise your child. We want to thank you for helping us fulfill our dreams of becoming parents to this little baby of yours. Our hearts will be with you as time goes on; our God will be with you in the moments you need Him, and your child will love you forever and ever!

With our greatest thanks!
