

Dear Expecting Mother,

We recognize this is a difficult and challenging decision for you. Thank you for taking the time to consider us. Our desire is to give this child a loving and caring home and grow our family together.

We have a beautiful, strong, and loving relationship. We have fun, we challenge each other in healthy ways, we travel, we learn, and we work hard to achieve a life together. We have a wonderful family surrounding us, a friendship circle with strong support, and a home we have built together in hopes of having a future child to share this with. We can't forget to mention our very important pup, Rupert, he can't wait to share his love and be a big brother. He loves playing with kids of all ages already and is especially good with babies.

We would be forever grateful for the opportunity to parent your child.

Paul and Samantha
